Letter of Recommendation for
Ramon Del Barrio

Ramon Del Barrio is a gifted choreographer and teacher who I was fortunate to meet in 2009 at Alvin Ailey as a summer choreographer for my son's class. I was particularly impressed with his broad knowledge and open-minded attitude. I was privileged when he agreed to make presentations to my students in the Honors seminars I taught as part of the Macaulay Honors College program at Hunter College. The students were thrilled to have this unique opportunity to interact with an experienced Broadway performer. Mr. Del Barrio took them on an unforgettable journey in the ways of Dance, on and off stage. In one session he inspired my students to visualize themselves differently in space and to include the arts as part of their everyday life. I enthusiastically recommend him as a teacher and a speaker in any setting. He is an engaging and inspiring speaker, and a truly amazing individual.

Sincerely,
